**Strike:** "the standard" through "met through"

**Insert:** "the board may require as a condition of parole"

- END -

Explanation - These amendments reflect changes requested by the Board of Pardons and Parole.

Amendment 1 expands the types of professional practice that board members may represent, to correspond with the definition of mental health professional that is being amended into the bill.

Amendment 2 clarifies that participation in a supervised mental health treatment program may be made a condition of a person's parole, rather than a standard that would make them eligible for parole.
